

# Motorised Wheelchairs

To safely drive a Motorised Wheelchair you need to be able to:-

- Manipulate the controls
- Steer & turn
- Turn your head to look to the side and back
- Maintain balance
- Handle different weather conditions
- Stand and walk a short distance
- See things in your path
- Judge distances
- Concentrate for long periods of time
- Stay calm in difficult situations

Motorised wheelchairs are allowed on the:

- Footpath
- Nature strip adjacent to the road
- Road (only when necessary)

**A Motorised Wheelchair driver must not endanger or obstruct any person or vehicle on the road or path.**
